FY21 PARTNER READY CERTIFICATION AND LEARNING CRITERIA GUIDE

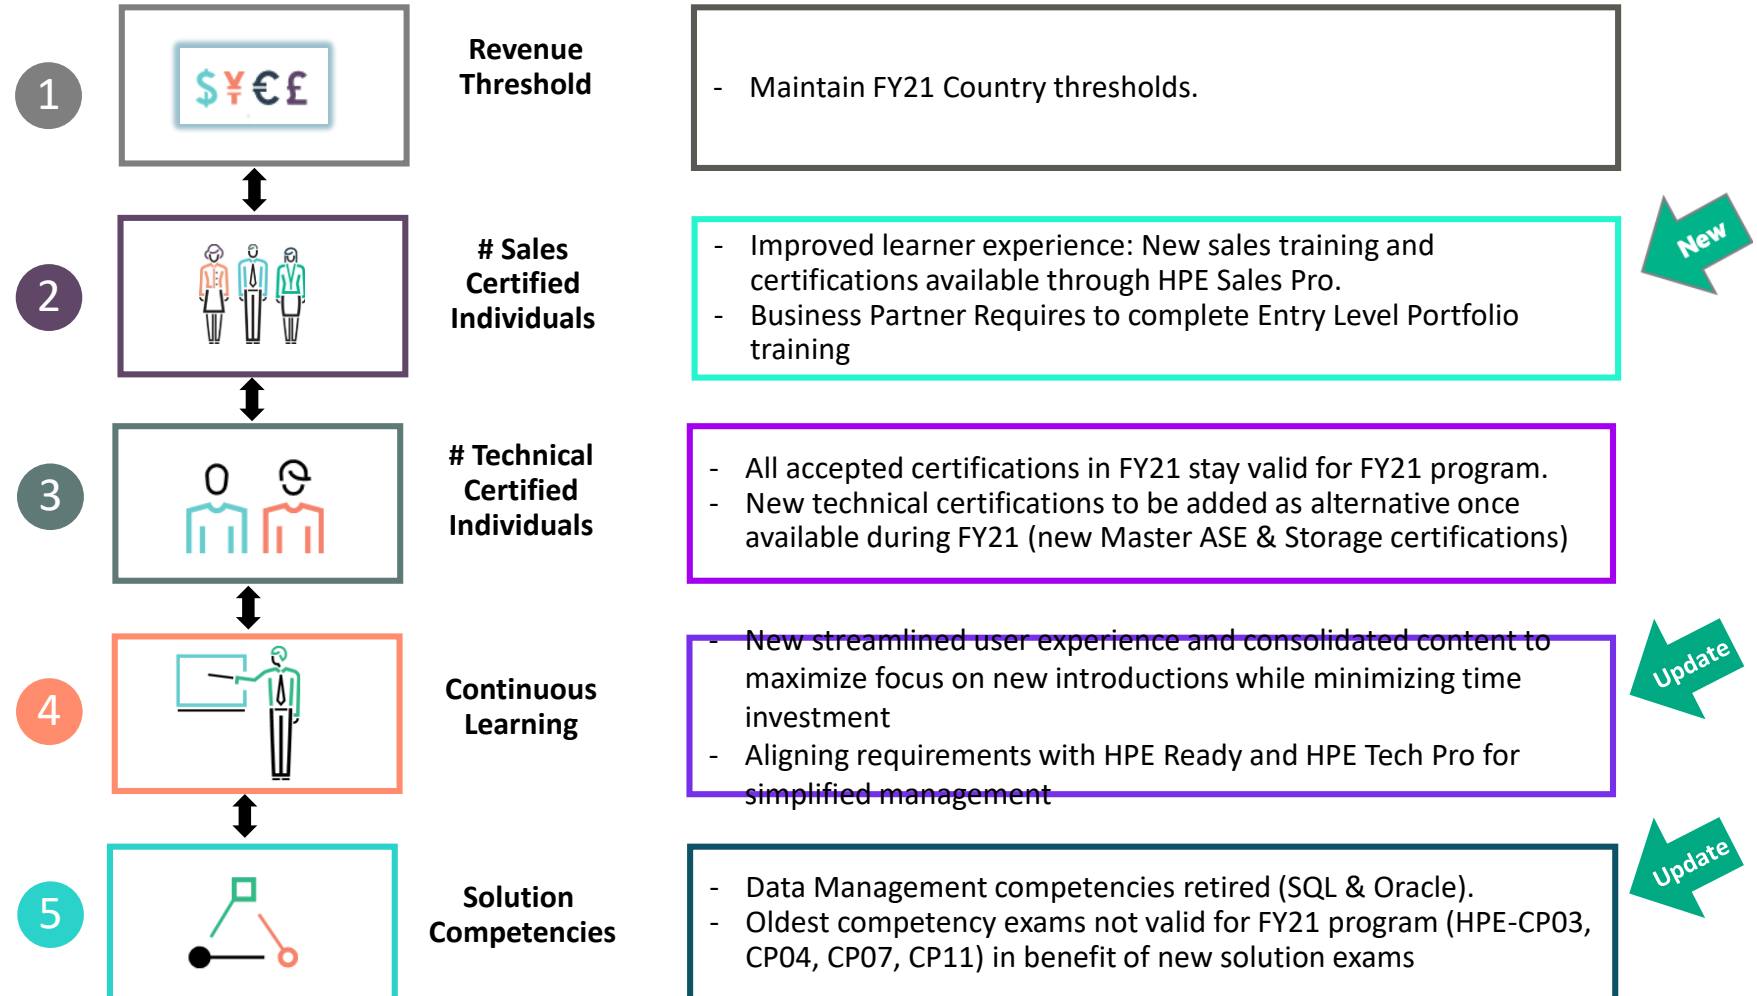

APAC - V1

October 27th, 2020

WHAT'S CHANGING – FY21 PARTNER READY REQUIREMENTS

Stable criteria for FY21:

- No additional criteria
- Focusing at updating or maintaining certifications & continuous learning badges achieved already

WHAT'S CHANGING – FY21 REQUIREMENTS

Sales certifications

Launch Date : Nov 16th

FY20 Certifications	FY21 Certifications	What's changing
HPE Sales Certified - Hybrid Cloud Solutions [2020]	HPE Sales Certified – Edge to Cloud Solutions [2021]	Available from Sales Pro Learning Center (SPLC).
HPE Sales Certified - Product Portfolio [2020]	HPE Sales Certified – Entry Level Solutions [2021]	Certifications include completing the training modules & assessments within Sales Pro (no separate exam anymore in Pearson Vue) Graduated pricing based on how early in the year the training is completed. \$60 in Q1, \$120 in Q2, \$180 in Q3&4
	FY21 Training Completion	What's changing
	Business Partners to complete HPE Entry Level Solutions, Rev. 20.21	Available for free from Sales Pro Learning Center (SPLC).

FY21 HYBRID SALES CERTIFICATIONS: INNOVATIVE, MODULAR, FOCUSED

- New innovative enablement approach helps partners quickly align with HPE strategies
- Modular and on the go learning environment via the new Sales Pro Learning Center
- Early partner adoption reduces their costs and potentially drives 2x sales out growth*

HPE Sales Certified – Edge to Cloud Solutions [2021]

Learn to identify EaaS opportunities from the edge to the cloud. By learning to engage customers in strategic IT conversations, partner can uncover business needs and qualify customers for HPE solutions.

Length: 2.5 hrs

Module 1:
Understandin
g Technology
Trends

Module 2:
Bridging to
the Future
with HPE

Module 3:
Partnering
with HPE to
Deliver
as-a-Service

Module 4:
Expanding
Your
Transactional
Sales

Assessment

HPE Sales Certified- Entry Level Solutions [2021]

Product focused certification helps partners identify sales opportunities in small to medium size businesses. Includes HPE compute, storage, hyperconverged, and networking solutions as well as HPE Pointnext and HPE Financial Services

Length: 5 hrs

**Digital
Transformation
and Trends**

**Bridging to the
Future with HPE**

**Solving Customer
Challenges with
HPE Pointnext**

**Solving Customer
Challenges with HPE
Financial Services**

**Selling the HPE
Compute Portfolio**

**Selling the HPE
Storage Portfolio**

**Selling the HPE
Hyperconverged
Portfolio**

**Selling the HPE
Networking
Portfolio**

* Internal research shows that sales certification compliant partner organizations typically see a 2x sales out growth, year over year, compared to partners that are not compliant

WHAT’S CHANGING – FY21 REQUIREMENTS

Technical criteria for FY21 for Hybrid IT specializations

Maintain your
“current”
status

=

HPE certification

+

2 x

Continuous Learning Badges

Maintain your existing badges & collect
new ones to expand your skills

All accepted certifications in FY21 stay valid for FY21 program.

Hybrid IT	Valid Certification for FY21 (and FY22 readiness)
Master ASE	• HPE Master ASE – Hybrid IT Solutions Architect V1 • HPE Master ASE - Advanced Server Solutions Architect V3 • HPE Master ASE - Storage Solutions Architect V3
ASE	Covering all portfolios: • HPE ASE - Hybrid IT Solutions Architect V1 Server (Compute) portfolio: • HPE ASE - Server Solutions Architect V4 • HPE ASE - Synergy Solutions Integrator V1 • HPE ASE - Composable Infrastructure Integrator V1 Storage portfolio: • HPE ASE - Storage Solutions V4 (NEW) • HPE ASE - Storage Solutions Architect V3 • HPE ASE - Storage Solutions Integrator V2
ATP	HPE ATP – Hybrid IT Solutions V1 or V2

CERTIFICATION CHANGES FOR FY21 HYBRID IT SPECIALIZATIONS

Hybrid IT	Certifications that were valid in FY21		Valid Certification for FY21 (and FY22 readiness)
Master ASE	- HPE Master ASE – Hybrid IT Solutions Architect V1 - HPE Master ASE - Advanced Server Solutions Architect V3 - HPE Master ASE - Storage Solutions Architect V3	  	- HPE Master ASE – Hybrid IT Solutions Architect V1 - HPE Master ASE - Advanced Server Solutions Architect V3 - HPE Master ASE - Storage Solutions Architect V3
	Covering all portfolios:		Covering all portfolios:
	HPE ASE - Hybrid IT Solutions Architect V1		HPE ASE - Hybrid IT Solutions Architect V1
ASE	Server (Compute) portfolio: - HPE ASE - Server Solutions Architect V4 - HPE ASE - Synergy Solutions Integrator V1 - HPE ASE - Composable Infrastructure Integrator V1	  	Server (Compute) portfolio: - HPE ASE - Server Solutions Architect V4 - HPE ASE - Synergy Solutions Integrator V1 - HPE ASE - Composable Infrastructure Integrator V1
	Storage portfolio: - HPE ASE - Storage Solutions Architect V3 - HPE ASE - Storage Solutions Integrator V2	 	Storage portfolio: - HPE ASE - Storage Solutions Architect V3 - HPE ASE - Storage Solutions Integrator V2 - HPE ASE - Storage Solutions V4 (NEW: release date Nov 16th)
ATP	- HPE ATP – Hybrid IT Solutions V1 - HPE ATP – Hybrid IT Solutions V2	 	- HPE ATP – Hybrid IT Solutions V1 - HPE ATP – Hybrid IT Solutions V2
Sales Certification	HPE Sales Certified – Product Portfolio [2020] HPE Sales Certified – Hybrid Cloud Solutions [2020]	 	New Sales certification (release date: Nov 16 th) - HPE Sales Certified – Entry Level Solutions [2021] - HPE Sales Certified Edge to Cloud Solutions [2021]

EXAM CHANGES FOR FY21 HYBRID IT COMPETENCIES

Competency	FY21 valid exams		FY21 Valid exams for HIT competencies
Hybrid Cloud - Microsoft Azure Stack	• HPE0-V12 • HPE2-CP11	 	• HPE0-V12
Hybrid Cloud - VMware vCloud Foundation	• HPE0-V12 • HPE2-CP03	 	• HPE0-V12
SDI – Containers	• HPE0-V13 • HPE2-CP07	 	• HPE0-V13
SDI - VMware & Hyper-V Virtualization	• HPE0-V13 • HPE2-CP04	 	• HPE0-V13
Real-Time Analytics - SAP HANA	• HPE0-V19 • HPE2-CP02	 	• HPE0-V19 • HPE2-CP02 (<i>no longer attainable but still accepted</i>)
Data Management - Microsoft SQL Server or Data Management - Oracle	• HPE2-CP06		“Data Management - Microsoft SQL Server” and “Data Management – Oracle” will be retired in FY21
Scale Out storage	• HPE0-V20 • HPE2-CP08	 	• HPE0-V20 • HPE2-CP08 (<i>no longer attainable but still accepted</i>)
Data Protection	• HPE0-V17 • HPE2-CP09	 	• HPE0-V17 • HPE2-CP09 (<i>no longer attainable but still accepted</i>)
Client Virtualization - Citrix and VMware Horizon	• HPE0-V16 • HPE2-CP05	 	• HPE0-V16 • HPE2-CP05 (<i>no longer attainable but still accepted</i>)
HPE GreenLake	• HPE0-P26 • HPE2-CP13	 	• HPE0-P26 • HPE2-CP13 (<i>no longer attainable but still accepted</i>)

CONTINUOUS LEARNING

HPE CERTIFICATION & CONTINUOUS LEARNING

- Training & Certification and Continuous Learning fit together into a **complete enablement experience**

WHAT DOES “CURRENT” LEARNER MEAN?

Each learner has a unique Tech Pro status, based on:

- **Certification status** (“core degree”)

+

- **Continuous engagement** with HPE measured by maintaining 2 Continuous Learning badges (“continuing education”)

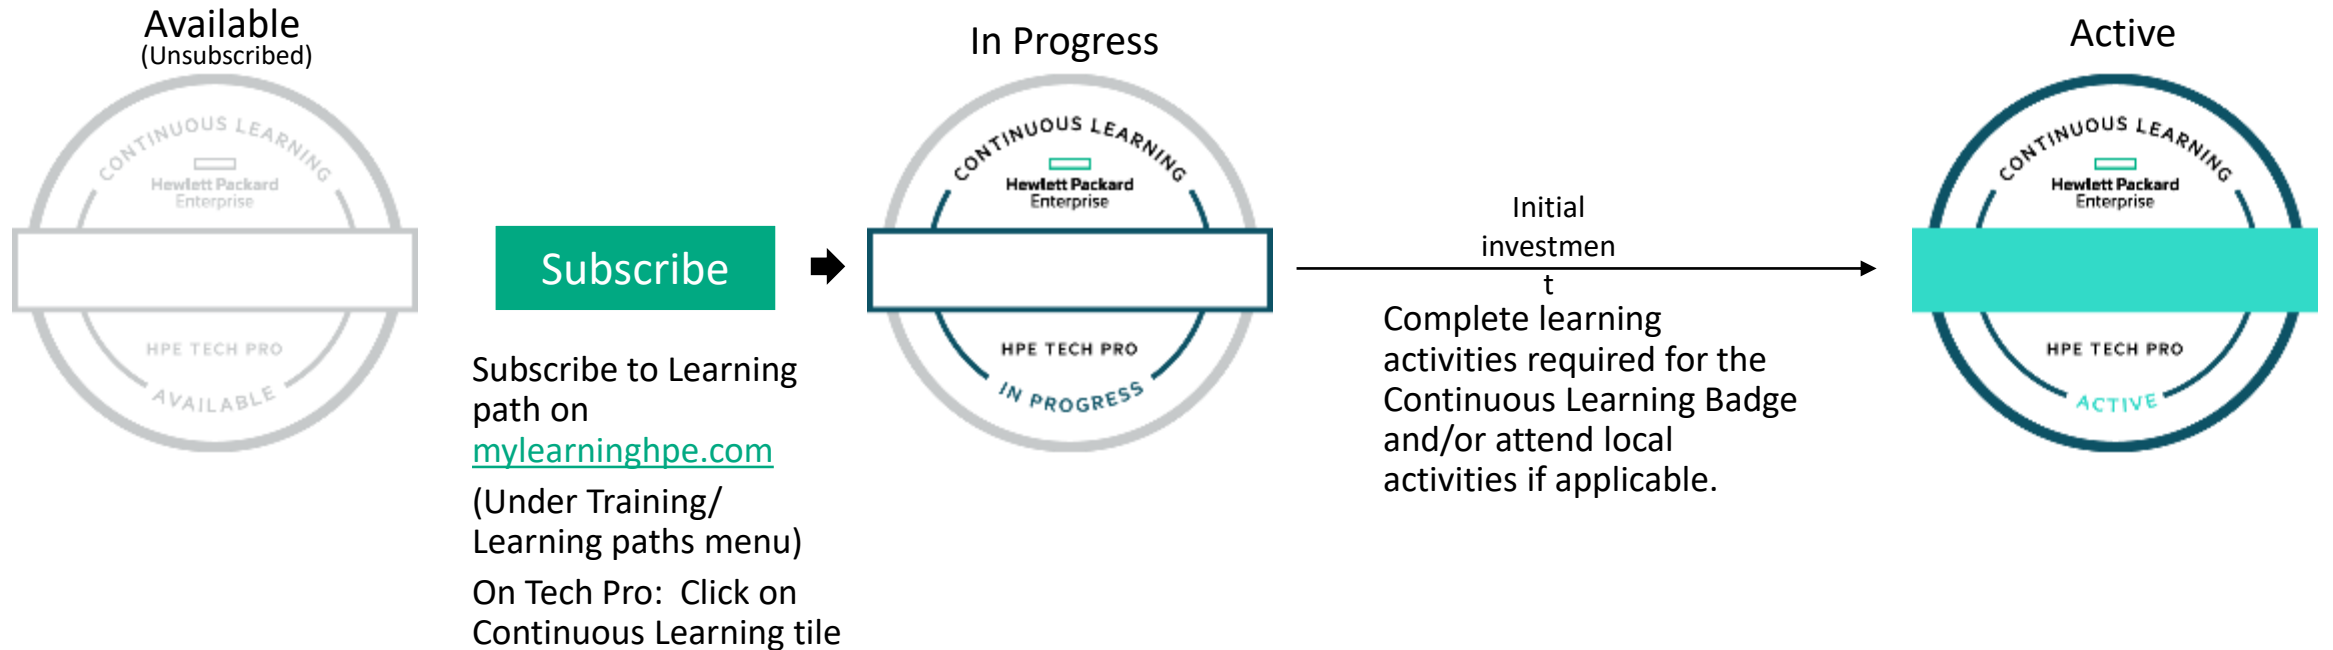

“current” = HPE certification + 2 x Continuous Learning Badges *

* IMPORTANT: To be valid for Tech Pro and Partner Ready programs, badges should be “Active” or “Transitional” (badge maintenance). If you don’t maintain at least 2 badges you may lose this “Current” status during the year.

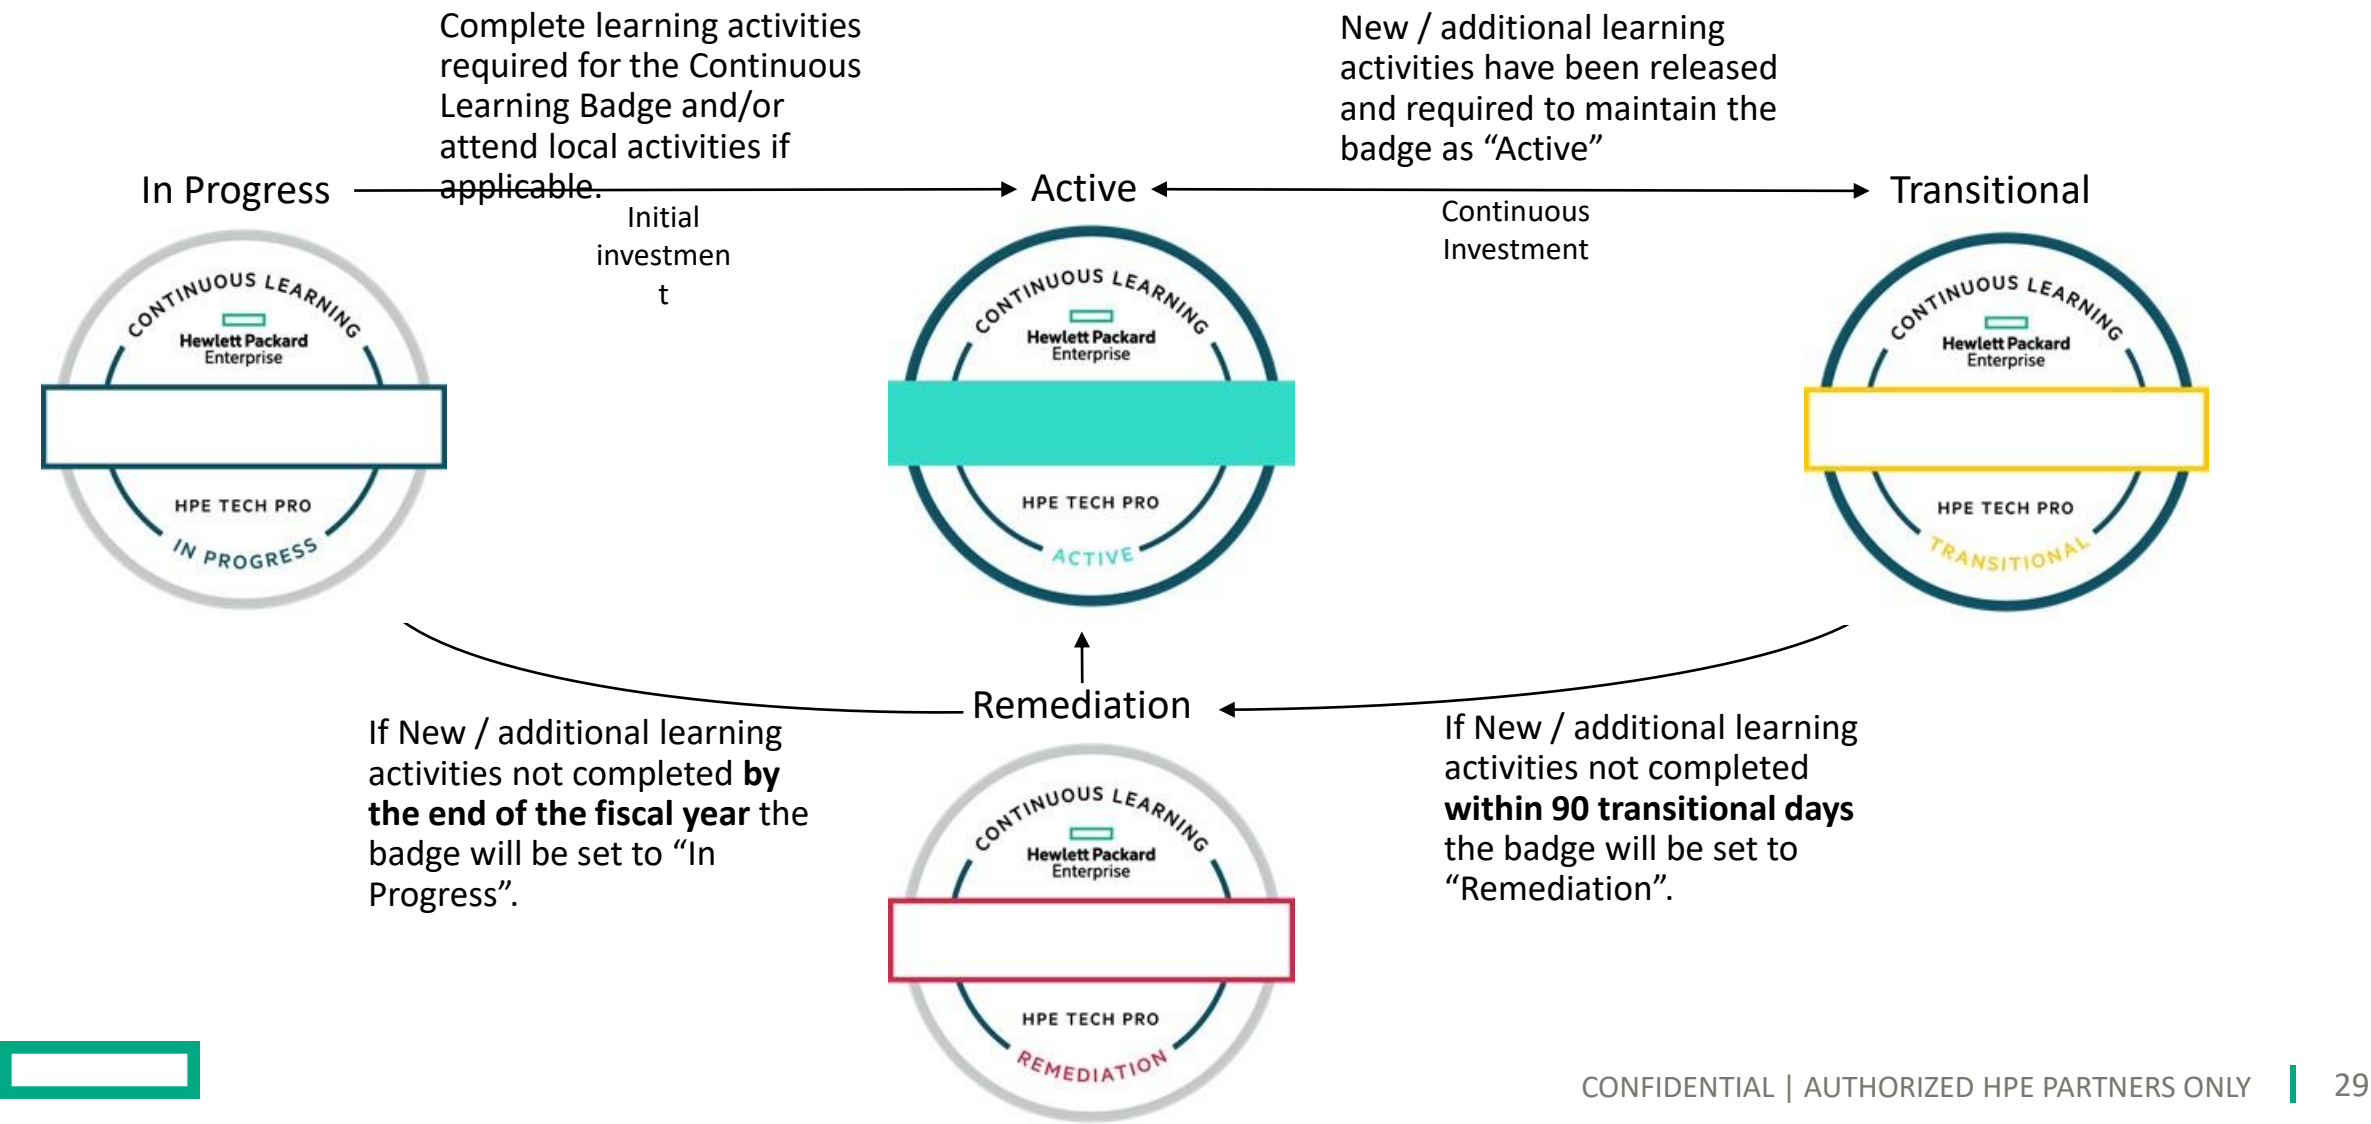

GETTING HPE CONTINUOUS LEARNING BADGES

Initial investment

1. To subscribe to an available badge, click on the Gray/watermarked badge you are interested in.
2. Click on the green SUBSCRIBE button.

CONTINUOUS LEARNING LIFECYCLE

HYBRID IT COMPETENCIES

FY21 COMPETENCIES REQUIREMENTS

1

One Solution Validation*

Submission of one solution validation form via the Partner Ready Competency portal page & approved by HPE Presales

* Approved Solution Validations are valid for 2 HPE fiscal year

2

One Solution Exam**

** Check next slide for the list of valid exams for FY21 Competencies

AND

Solution Validation & Solution Exam must be from the same competency

Validates solution mastery
Provides industry recognition

COMPETENCIES – HOW TO

Step 1

Partner Ready Competencies

Resources

- Competency FAQ
- Competency Brochure

HPE Partner Ready Competencies allow you to differentiate yourself from the crowd as solution experts by getting recognizing for having the skills to sell and architect HPE solutions. These competencies go beyond a product focus to emphasize solutions, positioning you as a problem solver. We enable you to develop relevant skills and become profitable in the newest and most pertinent areas of the market by building your capabilities around strategic solutions that directly impact your pipeline and revenue.

Competency Benefits

Partner Ready Competencies recognize and reward partners who have strong sales and technical capabilities in specific solution areas. Partners who meet competency requirements gain access to a broad portfolio of enablement, branding, and marketing resources to accelerate their solution sales on HPE infrastructure.

Partners that meet competency requirements gain access to:

- Branded competency insignia for market differentiation
- Promotion of partner solution experience on Partner Locator
- Access to campaign leads
- MDF eligibility
- Co-selling solution opportunities
- Access to solution experts

FY20 Competencies

- Hybrid Cloud - Microsoft Azure Stack
- Hybrid Cloud - VMware Cloud Foundation
- Software Defined Infrastructure - Containers
- Software Defined Infrastructure - VMware and Hyper-V Virtualization
- Real-time Analytics - SAP HANA
- Data Management - Microsoft SQL Server
- Data Management - Oracle
- Scale out Storage
- Data Protection
- Client Virtualization - Citrix and VMware Horizon
- HPE GreenLake

Step 2

Hybrid Cloud - Microsoft Azure Stack

Solution Overview

Microsoft Azure Stack is a Hybrid Cloud solution that enables Azure-consistent services in the data center, providing a cohesive and simplified development, management, and security experience. The integrated Microsoft Azure Hybrid Cloud incorporates compute, storage, and networking, enabling you to run Azure services on premises for your customers or yourself. Increase agility, enhance innovation, and control costs with the right mix of private and public cloud to handle all your workloads.

Partner Profile

Hybrid Cloud partners act as trusted advisors who help their customers analyze and provision the right mix of services in the cloud and on premises. Your expertise in leveraging cloud processes and economics will help customers deploy new apps and services quickly through the use of multi-cloud management and software-defined infrastructure. As a Hybrid Cloud – Microsoft AzureStack partner, you have a detailed understanding of Azure services build, provisioning, and operations capabilities. You guide customers through modernizing their applications to run in a Hybrid Azure and Azure stack environment, and you have a detailed understanding of workflow creation/configuration tools that allow for automation of common tasks within single or multiple-cloud deployments involving Azure and Azure Stack.

How to earn a competency

Step 1: Investigate - Is this the path for me?

Solution awareness videos for sales reps

- Video: HPE ProLiant for Microsoft Azure Stack

Solution awareness TekTalks for presales solution architects

- TekTalk: HPE ProLiant for Microsoft Azure Stack Gen 10 (part 1)
- TekTalk: HPE ProLiant for Microsoft Azure Stack Gen 10 (part 2)

Step 2: Validate your skills

Pass one of the following exams:

- New: HPE0-V12: Creating HPE Hybrid Cloud Solutions
- Exam HPE2-CPT1: Optimizing HPE Cloud Solutions with Microsoft Azure - Available only until January 20, 2020

Step 3: Demonstrate solution experience and skills
Submit one solution validation for approval

Step 3

Section I: Partner Information

Company Name:*

Partner Country:*

Company Street Address:*

City/Town:*

State/Province:*

Postal/ZIP code:*

Please provide a technical contact email address should we have additional questions regarding your submission.*

Select which product(s)/service(s) were implemented:

- Servers:**
- ☐ Rack Servers
 - ☐ Tower Servers
 - ☐ Blade Systems
 - ☐ Composable Systems
 - ☐ Hyperconverged Systems
 - ☐ Hyperscale servers
- Data Storage:**
- ☐ All Flash and Hybrid Systems
 - ☐ File and object storage
 - ☐ Data protection
 - ☐ Storage management and automation
- Networking:**
- ☐ Switches
 - ☐ Access Points and Controllers
 - ☐ Routers
 - ☐ Network Management
 - ☐ Location Based Services
 - ☐ Campus and Branch Networking
 - ☐ Data Center Networking
 - ☐ Network Security
 - ☐ Software defined networking
 - ☐ Storage networking
- HPE Services:**
- ☐ Consulting Services
 - ☐ IT Consumption
 - ☐ Financial Services

Customer Information: Note: HPE will NOT contact your customer. This information is for HPE internal use only.

Is your customer in the public sector?*

Please select an option

If YES, then answer:

City/Town:

State/Province:

Country:

If NO, then answer:

Customer Name:

Street Address:

City/Town:

State/Province:

Postal/ZIP Code:

Country:

Section II: HPE Competency

Select a competency you wish to validate for your company

Section III: Solution Validation Reference

Project name:*

Implementation Date or Start of Services Date (Must be within the last 12 months):*

How was the solution delivered to the customer?*

Please select an option

Actual or estimated HPE revenue in USD. (must be < \$50K USD):*

Provide details of your deployment:*

Section IV: Additional Information (Optional)

List any on-premise demo capabilities in the area for the competency you selected for in Section III.

If available, provide a SFDC "win" opportunity ID.

Fields marked with * are required

Disclaimer

By submitting this competency form, you hereby represent and warrant that the information contained herein is true and accurate. Any information provided will be used by HPE only for the purposes related to determining your skillset and capabilities to fulfill the HPE competency requirements. For information relating to HPE's privacy practices, please refer to the [HPE Privacy Statement](#).

HPE SALES CERTIFIED - EDGE-TO-CLOUD SOLUTIONS [2021]

This certification helps partners identify EaaS opportunities from the edge to the cloud. By learning opportunities and building to engage customers in strategic IT conversations, you will be able to uncover business needs and qualify customers for Hybrid Cloud solutions.

To confirm which certification or training your organization is required to hold, check with your local HPE contact or your organization's Partner Education Manager (PEM).

NEW SALES CERTIFICATION PROCESS

- 1 Pay and register
- 2 Take course
- 3 Pass assessment
- 4 Receive certification and badge
- 5 Promote your certification digital badge

Description

The technology landscape on which your customers run their businesses is shifting at lightening speed, especially now, during unprecedented changes in how we work and challenges to the previous status quo.

Cost and Terms

Cost:

November 2020 - January 2021	\$40
February - April 2021	\$120
May - October 2021	\$180

Terms:

You have 60-calendar days from the date of purchase to complete your training and assessment.

Register and Pay

OR

Redeem Voucher: enter code **GO**

Modules

- Understanding technology trends:
- Bridging to the future with HPE:
 - Two sales motions: selling traditional solutions while transitioning to selling as a service
 - Partner with HPE: the expert for both:
- Delivering everything as a service:
 - HPE GreenLake: HPE GreenLake Swift, and HPE Central - Edge Solutions
 - HPE Intelligent Data Platform
 - HPE Hybrid Cloud Solutions
 - Workloads/Business outcomes
- Assessment:
 - 45 minutes
 - 30 multiple choice questions
 - 70% to pass

Estimated run-time: 2.5 hours

Instructor-Led Training (ILT)

ILT or Virtual-Led Training (VILT) is only available by invitation from an HPE Learning Partner.

Additional details will be provided by your Learning Partner.

Digital Badge

By earning this digital badge, you help promote your HPE skills and knowledge online.

HPE SALES CERTIFICATION VOUCHERS

Vouchers for sales certification training and assessment can be purchased for one or more learners.

Vouchers must be assigned to a learner within 60-calendar days of purchase. Unused vouchers will expire in 60-calendar days.

SALES CERTIFICATION VOUCHER PROCESS

- 1 Buy vouchers
- 2 Assign vouchers
- 3 Learner selects certification course
- 4 Learner redeems voucher
- 5 Learner takes certification course

Vouchers

These vouchers can be redeemed for the training and assessment for either [HPE Sales Certified - Edge-to-Cloud Solutions \[2021\]](#) or [HPE Sales Certified - Entry Level Solutions \[2021\]](#).

Sales certification vouchers are administered through Xvoucher. Your Xvoucher account allows you to manage voucher purchases. You will receive an email notification to assign and manage vouchers to learners in your organization.

Cost

November 2020 - January 2021	\$60
February - April 2021	\$120
May - October 2021	\$180

Terms

- Vouchers must be assigned and redeemed by 60-calendar days.
- Any unredeemed vouchers will expire.
- Vouchers are non-refundable, non-replaceable.
- Voucher expiration dates cannot be extended.

Note: Learners have 60-calendar days from redemption date to complete course.

☐ I have read and accepted the terms of these vouchers.

[Buy Vouchers](#)

Home | Privacy | Terms of Use | HPE.com
© Copyright 2020 Hewlett Packard Enterprise Development LP

FOLLOW US
[Twitter](#) [LinkedIn](#)

Buyer or Manager

- Purchases vouchers with corporate credit card, or bank transfer (purchase orders are in next phase)
- Receives email acknowledgment with link to Xvoucher system
- Assigns vouchers to individuals (with email address) within 60 days.

Learner

- Redeems their voucher in Sales Pro and begins course.
- Has 60 days to complete sales certification.

60-DAY ACCESS EXPIRATION

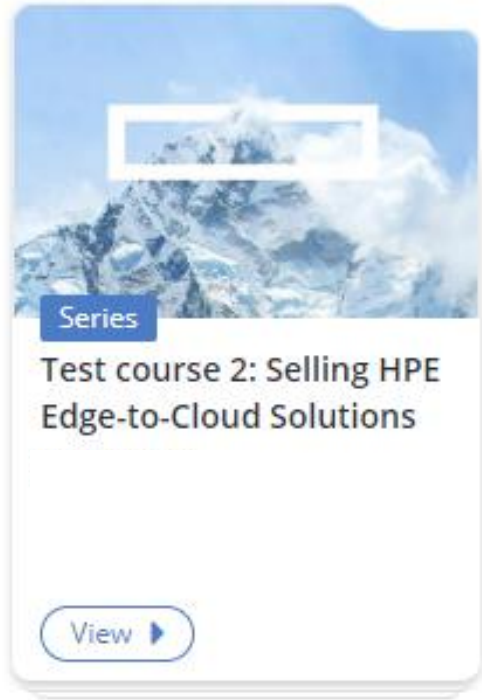

- The new sales certifications are an integrated package containing both training and assessment. After completing the training and passing the assessment the sales certification awarded.
- Candidates will be informed at purchase time that they have 60 calendar days from purchase to complete their certification, else access to the certification will expire. If access expires candidates will have to return to Sales Pro and purchase again
- Goal is that the 60-day clock starts from date of payment, not from the date they first launch it to provide incentive to complete early in the year.
- If candidates do not complete the certification within 60 calendar days, they must repurchase at the current rate, which may be higher.
- Candidates do have an unlimited number of attempts at passing the assessment before the end of the 60-day expiration window.

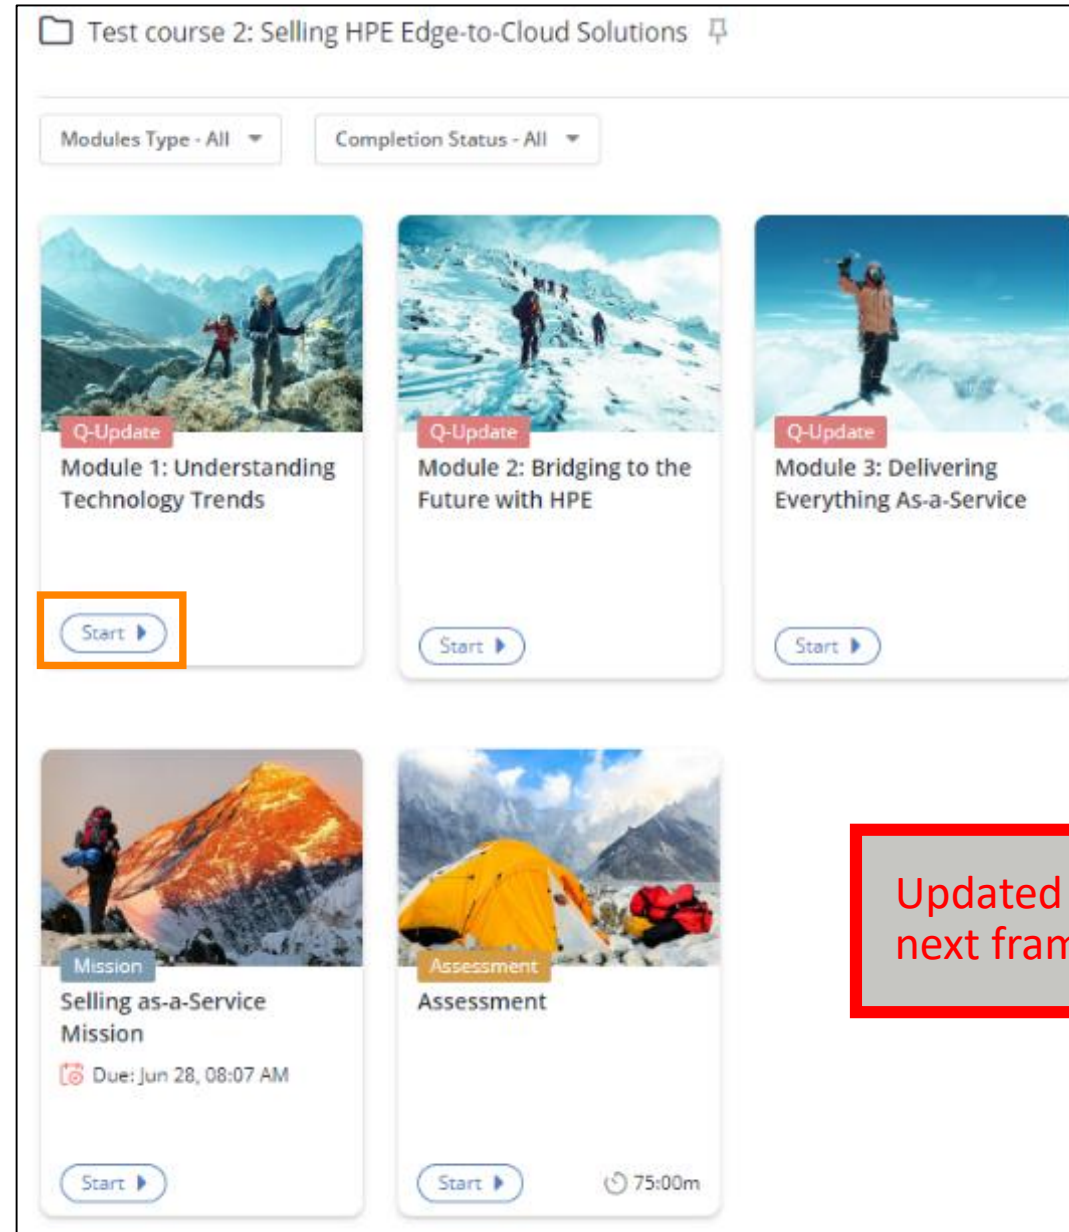

ASSESSMENT

- Each Sales Certification will be a single certification product in the Sales Pro Learning Center.
 - The certification will include periodic learning checks as well as an assessment module at the end.
 - Learners need to successfully complete the learning checks at the end of each module prior to advancing to the next module.
 - The assessment is NOT a separate product in the SPLC..
 - All certifications will be available in English only,
- The assessment will be 30-40 randomly selected multiple-choice questions pulled from a large pool questions, which need to be answered in a designated amount of time..
- Candidates must achieve a designated score to pass the assessment. When they have completed the training AND the assessment (certification) , the completion record will be passed to Saba, which will grant the certification.
- **Note:** We want to drive new behavior with partners leveraging the Sales Pro Learning Center. Candidates will not be able to download an eBook and challenge an exam.

LAUNCHING THE COURSE - SELLING HPE EDGE-TO-CLOUD SOLUTIONS

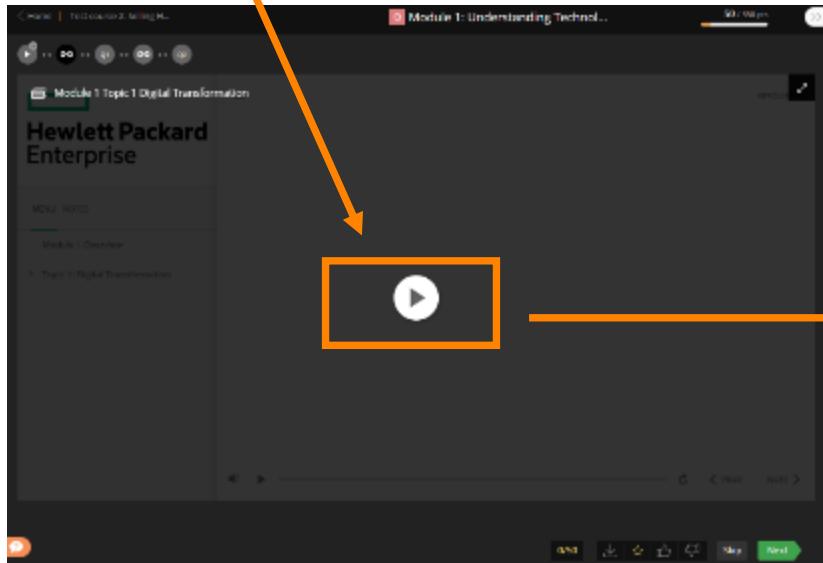

Modules are taken in order. Successful completion of Learning Check at end of module unlocks next module

Module 4: Solving Customer Chall...

430 / 450 pts

Q1 Q2 Q3

Module 4 Topic 1: Understanding Customer Requirements

RESOURCES

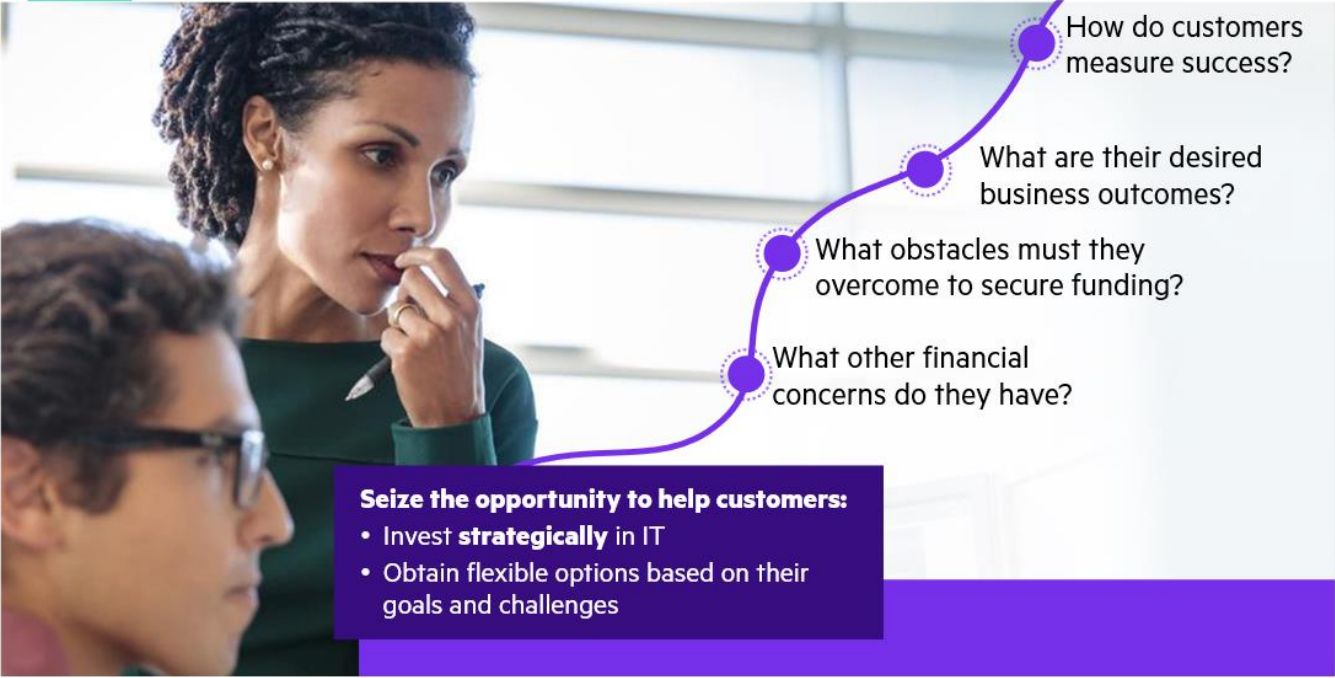

Hewlett Packard Enterprise

MENU NOTES

You should prepare to participate in the IT asset economics conversation throughout the sales process. IT asset economics is all about value, so you need to review your customers' values with them. How do they measure success? What are their desired business outcomes? As you get deeper into the process, explore ways to help your customers make the solutions that you're proposing a reality. Determine what obstacles your customers must overcome to secure funding. Also explore other financial concerns that they might have.

In short, you should treat every sale as an opportunity to help your customers invest strategically in IT. Understanding that customers want flexible options, based on their goals and challenges, you can increase your chances of winning a long-term, satisfied customer.

BRINGING STRATEGY TO EVERY SALE

How do customers measure success?

What are their desired business outcomes?

What obstacles must they overcome to secure funding?

What other financial concerns do they have?

Seize the opportunity to help customers:

- Invest **strategically** in IT
- Obtain flexible options based on their goals and challenges

ANSWER LEARNING CHECKS

Learning checks are created in MindTickle

The screenshot shows a learning check interface with the following elements:

- Top Navigation:** Includes a home button, course title 'Test course 2: Selling H...', and module title 'Module 1: Understanding Technol...'. A progress bar shows '200 / 350 pts' and a user icon, highlighted by an orange box and an arrow.
- Question Section (Q):** Contains the question 'Which challenge do companies face with their digital transformation?'.
- Answer Section (A):** Contains four multiple-choice options:
 - ☐ CIOs are not focusing on digital transformation as a way to become more competitive.
 - ☐ Companies are not investing in technologies for digital transformation.
 - ☐ Companies struggle to restructure their organization quickly and successfully.
 - ☐ CIOs think that digital transformation is a temporary trend.
- Bottom Bar:** Includes a 'Hint' button and a speaker icon.

- Points earned for answering correctly
- Fewer points if learners need multiple attempts

FINISH THE MODULE

Checkmark
above each
icon shows
user has
completed all
content and all
learning
checks.

The screenshot shows a learning module interface. At the top, there's a navigation bar with a back arrow, 'Home', 'Test course 2: Selling H...', and 'Module 1: Understanding Technol...'. A progress indicator shows '350 / 350 pts' and a user icon. Below the navigation bar, a row of icons is highlighted with an orange box. Each icon has a checkmark above it, indicating completion. The main content area displays a quiz question: 'Match each type of cloud environment to the appropriate definition.' Below the question, there are four rows, each with a definition on the left and a cloud environment name in a green box on the right. The definitions are: 'Pay-as-you-go & scalability. Possibly unpredictable costs & less control of data', 'More control over data and security. Need to control TCO; costly to scale', 'Cost effective with planning and right tools. But complex & difficult to manage', and 'No lock-in with a cloud provider. More resiliency if a service disruption occurs'. The cloud environment names are 'Public cloud', 'Private cloud', 'Hybrid cloud', and 'Multi-cloud'. At the bottom, there's a dark bar with 'SUPER AWESOME!' and '+ 100'. On the right side of this bar, there's a green 'Exit' button with a right arrow, which is highlighted with an orange box. An arrow points from the text 'Click Exit' to this button. There are also thumbs up and thumbs down icons next to the 'Exit' button.

Q Module 1: Understanding Technol... 350 / 350 pts

Q Match each type of cloud environment to the appropriate definition.

A

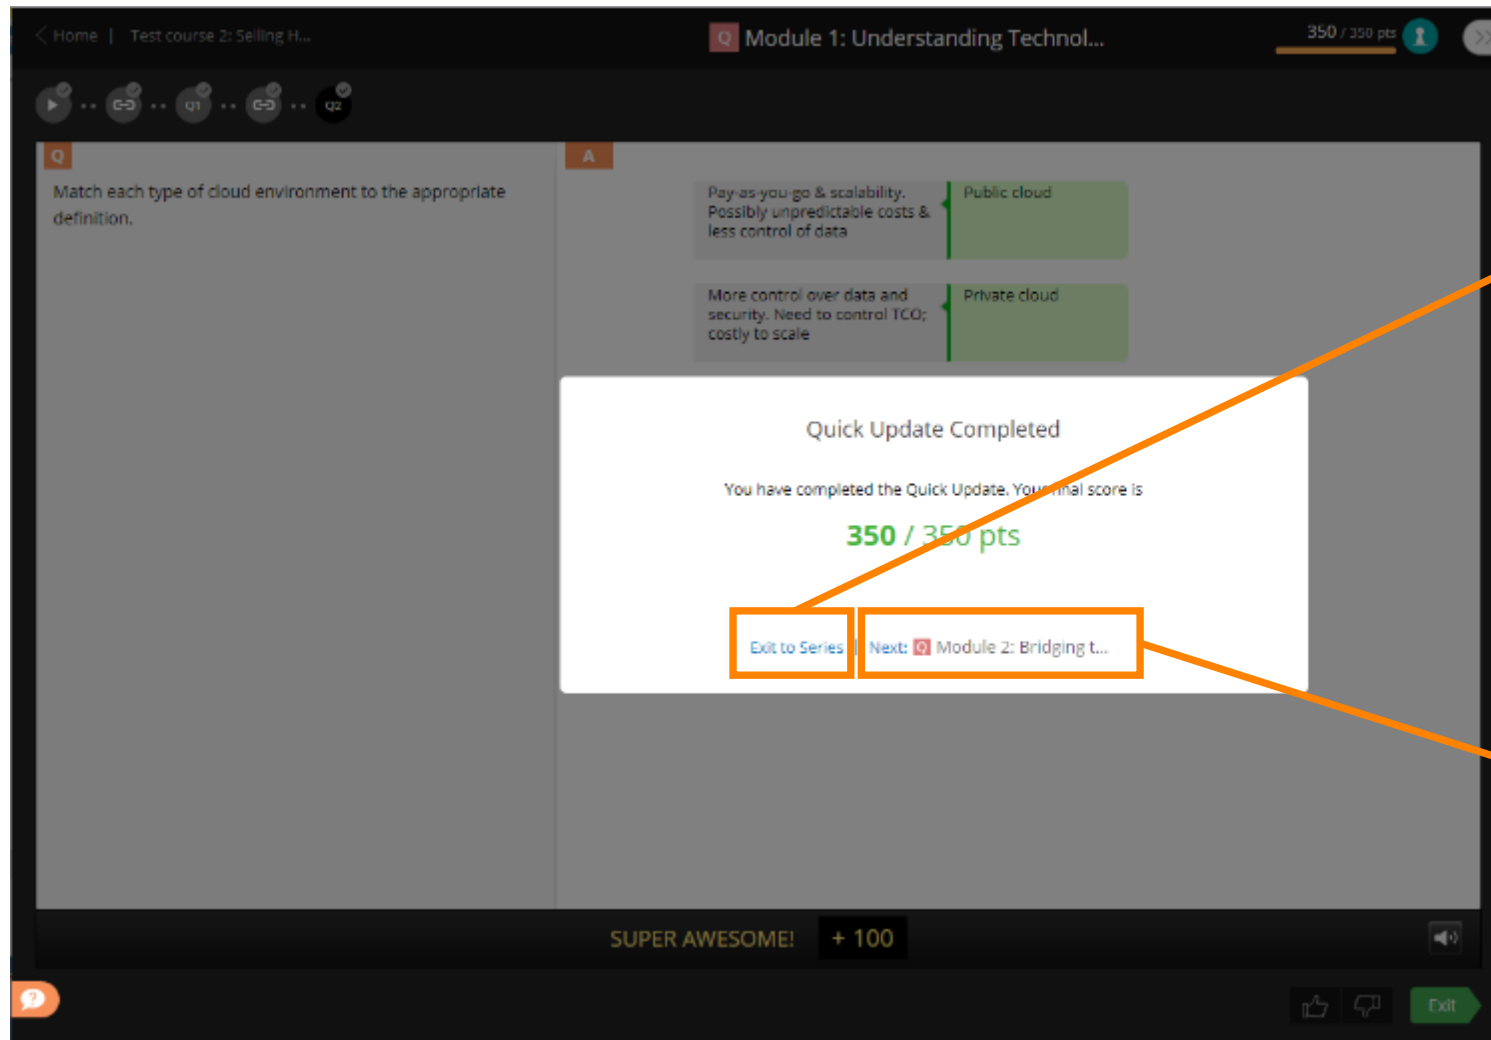

Pay-as-you-go & scalability. Possibly unpredictable costs & less control of data	Public cloud
More control over data and security. Need to control TCO; costly to scale	Private cloud
Cost effective with planning and right tools. But complex & difficult to manage	Hybrid cloud
No lock-in with a cloud provider. More resiliency if a service disruption occurs	Multi-cloud

SUPER AWESOME! + 100

ANSWER QUESTIONS

Click **Submit Assessment** after completing all questions

Track time left to take the exam.

The screenshot shows a web-based assessment interface. At the top, a dark header bar contains a back arrow and 'My Board' on the left, 'A Assessment' in the center, and 'Tutorial' with a lightbulb icon on the right. A timer in the top right corner shows '70:44 m'. Below the header, the main content area is divided into three sections. The left section displays 'Question 2 of 9' with a value of '50 pts'. The question text is 'What is one way today's apps and data are different from the past?'. The right section shows four radio button options: 'They live on multiple platforms, from the data center, the cloud, and the network edge.', 'They are consolidated in a centralized data center and typically accessed in one way.', 'They are not expanding as rapidly as they once were, but require more dedicated security.', and 'They are more likely to be coded with proprietary software languages.' Below the question, there are three buttons: 'Previous Question', 'Visit Later', and 'Next Question'. A blue 'Submit Assessment' button is located above the question area. On the right side, a 'REVIEW' panel is visible, showing a grid of question numbers (1-9) and a summary of 'Total Questions (9)' with counts for 'Answered' (1) and 'Visit Later' (0).

SKILLSET EXPANSION

HYBRID IT: PARTNER READY PROGRAM MEMBERSHIP ACCELERATION

Skillset Expansion

Skillset expansion program is designed to reward Silver and Gold Hybrid IT partners who demonstrate their proficiency in specific solutions or competencies areas, on top of their specialization core requirement:

- Includes special achievements such as
- Current individuals with a Master ASE certification:
 - HPE Master ASE – Hybrid IT Solutions Architect V1
 - HPE Master ASE - Advanced Server Solutions Architect V3
 - HPE Master ASE - Storage Solutions Architect V3
 - HIT competency achievement*.

It provides a 10% decrease in specialization threshold.

Partners can use the skillset expansion element up to three times to receive a total of 30% off the specialization threshold.

(*) Not applicable for Aruba Networking competencies
